Visiting Scholars Programme

The Visiting Scholarship Programme is designed to offer Southeast Asian seminary lecturers and church leaders an opportunity to stay short-term in Trinity Theological College for reflection, research and writing on Christianity in Asia. The stay may range from one to four weeks. Visiting Scholars are offered free accommodation on campus and access to the Library. They are responsible for their own travel, visa, and other expenses.

To apply, please write to the CSCA Project Manager, stating the aims of the research and intended dates of the visit, together with a brief curriculum vitae and a letter of reference from the church authorities or head of the home theological institution.
